5.21.2014 EPA response Re HHRA extension 5.21.14-signed.pdf

Karyllan,

I discussed your proposal with Jennifer LaPoma and she indicated that until EPA receives the revised, updated RI/FS schedule, she lacks the information to evaluate the proposal. For example, some pretty substantial invoices for modeling work have been submitted recently, but at the moment, Jennifer is unsure of the status of the modeling, given that information that EPA requested in recent months has not been provided.

Jennifer is expecting a revised schedule tomorrow, as per her letter dated May 21, 2014, so with that in hand we should be able to respond.

Subject: LPRSA RI/FS Trust Revised Performance Guarantee

Sarah -

Per our discussion, below please find the components of our proposal for a revised performance guarantee:

- Since there is no requirement that the CPG maintain a minimum balance in the RI/FS Trust Fund, EPA will allow the Trust Fund to drop below \$1M so that incoming invoices from our consultants can continue to be paid. The current balance is effectively \$1.1M; the CPG will process pending invoices in the amount of approximately \$700K. The CPG will not let the RI/FS Trust Fund balance drop below \$250K.
- The CPG will make a payment into the RI/FS Trust Fund in the amount of \$2.7M no later than July 1, 2014. The \$2.7M reflects the new \$1.7M of costs we discussed, plus moving \$1M from 2015 up into 2014. The CPG will make prepayments into the RI/FS Trust Fund as funds are collected to ensure we do not drop below \$250K.
- The CPG will make a 4Q payment into the RI/FS Trust Fund in an amount that reflects the cost to complete the RI/FS. As soon as we have a number, we will notify EPA.
- The CPG will make a \$1M 1Q 2015 payment, instead of a \$2M payment.

Thanks again,

Karyllan
